Good morning Class 2,

I hope you are all well and excited to learn through our e-school again today.

Don't forget to read through things carefully and follow instructions to help you with your learning.

Time	Activity
9:00- 9:30	<p><b>Times Table practise</b> <i>Times table detective dog</i> (You only need to do one side but if you are fast at this then do 2 sides). <i>You will need to be able to count in 2's, 3's, 5's and 10's.</i></p> <div data-bbox="286 624 813 967"></div> <p>Use this ICT game to help you practise your times tables <a href="https://www.topmarks.co.uk/maths-games/hit-the-button">https://www.topmarks.co.uk/maths-games/hit-the-button</a></p> <div data-bbox="1435 517 2096 916"></div>
9:30-10:30	<p>Your literacy lesson is <b>Unit 8 A Worm's eye view</b> <i>Day 2/3</i></p> <p>Read through with an adult, where it says DAY 2/3 in your book. Then answer the questions Don't forget:</p> <ul data-bbox="322 1139 1637 1335" style="list-style-type: none"><li>• Date at the top of the page</li><li>• Write a heading and underline it</li><li>• Answer your questions in full sentences, not forgetting capital letters, finger spaces and full stops.</li><li>• Neat handwriting showing tall and short letters.</li></ul> <div data-bbox="1722 1026 2085 1273"></div>

<p>11:00-12:00</p>	<p>Maths - <b>Double it!</b>          You will be doubling 2 digit numbers. You can easily double 1 digit numbers now!          So to double a 2 digit number you need to double the 10's, double the units then put it back together.          Double 23....so 23 is 20 and 3.....double 20 (double 2 is 4 so this helps) is 40. Then double 3 is 6          So <math>40 + 6 = 46</math> .</p>
