

How to write a Riddle

All the information can be found on the school website or in the files section of teams.

1. First read the information about the different animals that live in the arctic.
2. Then look at the 'Who am I' power point. These are riddles. 3 sentences starting with I am..... and describing the animal for you to guess.
3. So now you will be able to write your own riddle. Choose the arctic animal that you want.
4. Next describe your animal using 3 good sentences, you should think about using **adjectives** and **extending your sentences** using and, but, because, so etc.
5. Start a new line every time you begin a new sentence.
6. Try to keep your reader guessing what the animal is until the end so don't write anything that will give it away too soon.
7. At the end of your riddle you can write '**Who am I?**' on a flap of paper and under this draw the picture of the animal you have chosen.
8. Finally send your riddle to Miss Short so that the other children can have a go at guessing your animal.

Who am I ?
